5TH ANNUAL FALL BULL SALE

DECEMBER 8, 2020

Coming 2-Year-Old Virgin Bulls

1:00 PM (MST) - Gordon Livestock Auction - Gordon, NE

5TH ANNUAL BULL SALE

Rivers Edge Cattle Company is pleased to welcome you all to our Fifth Annual Fall Bull Sale. 2020 has been a challenging year economically as well as dealing with drought.

We focus solely on raising quality cattle that produce efficiently on minimal harvested forage, starting with heifer development. Our heifers are developed to transition into hardy, range cows that don't need lots of pampering to survive. They graze as long as possible on corn stalks in the fall and winter, and typically only get fed hay shortly before calving begins. We don't mess with udder, disposition, or mothering issues. As labor becomes a larger issue in our industry, we feel that cattle that do more for themselves are more economically feasible. We raise cows that work for themselves, and bulls that will work for you.

We again are proud to once again partner with Spitoon Ranch for Fifth Annual Fall Bull Sale. Our programs mirror each other in many ways, right down to the way we grow our bulls. We are pleased to bring a group of aged bulls that have been properly developed to ensure soundness, libido, and longevity. These bulls are selected with a strong emphasis on maternal traits and those traits that most matter to commercial cattlemen.

We appreciate our past customers and look forward to meeting new ones. We stand by our bulls 100% and have a full guarantee on them through the first breeding season. Consider that these bulls will be able to cover more cows than yearling bulls, as well as having a chance to adapt to your ranch well before the breeding season.

Please let us know if we can assist you in any way, including marketing your cattle.

Thank you for your support and we hope to see you December 8th.

Seth, Courtney, Oakley, and Landrey Terrell

WWW.RIVERSEDEGCATTLE.COM

Welcome everyone to our 5th Annual Fall Bull Sale. Spitoon Ranch is honored to be partnered with Rivers Edge Cattle and their great livestock program.

We have a great selection of bulls again this year. They did very well on grass even though it was dry this summer. This set of bulls has length, width, depth of rib, and good disposition as always. Spitoon Ranch strives to maintain a consistent cow herd that produces calving ease, good disposition, and is structurally sound. Great weaning and yearling weights from both the bulls and heifers shows our diligence in our cow herd is paying off. Spitoon cows must survive in the real world with our staple program; grass in the summer, hay and liquid protein in the winter. No creep feed in the summer for the calves.

The bulls came off grass November 1 and were put on a minimal growing ration for 30 days. You can view the bulls anytime at the ranch 4 miles south of Clinton.

My family appreciates your continued support of our program and looks forward to seeing everybody December 8 at 1:00 pm in Gordon.

Thank you,

Matt Peters
